

FRAUD ALERT!

From the Office of Lee County Sheriff Mike Scott

Have You ICE'd Your Phone?

Have you ICE'd your cell phone? No, I'm not asking if you have cooled your phone down during these hot days of summer, but if you have added your "In Case of Emergency", ICE, information to your cell phone. Sheriff Scott is urging everyone to take a moment and save a life.

The Lee County Sheriff's Office along with Hilton Garden Inn, Courtyard, Resident's Inn and SpringHill Suites and the entire first responder community are encouraging everyone to ICE Your Phone. June's National Safety Month and Sheriff Scott felt it was the perfect time to kick-off the ICE Your Phone campaign as an easy and quick way to save a life.

It is simple:

1. Select an emergency contact
2. Add them to your address book as ICE1-Mom, ICE1-Dad, ICE1-Wife, etc.
3. Provide your emergency contact with your MAD (Medications, Allergies, and Doctors) information

You might even want to add a second ICE contact in case your first contact cannot be reached; this second contact can be named as your ICE2-Mom, ICE2-Dad, etc.

To make this even simpler we have developed a MAD form for you to complete and give to your emergency contact this is attached to the alert. Please feel free to copy as many of these as you need and encourage your family and friends to ICE their phones. As an added safety measure you can place a copy in our wallet and in your glove box.

Unfortunately the person involved in a serious car crash or other emergency is not always able to communicate the lifesaving information needed by the first responders; by adding ICE to your phone the life you save could be your own.

Too many times we have rolled up on a scene and have spent countless minutes searching for emergency contact information and one of the first places we look is in cell phones. You can even place an ICE Sticker on the back of you cell phone alerting all first responders that you have prepared emergency contact information ahead of time and it can be found by looking for ICE in your cell phone.

To learn more about the ICE Your Phone program or get an ICE Sticker for your cell phone you can contact our Community Relations division at 477-1477 or email them at CommunityRelations@sheriffleefl.org.
